Assuring
You the Best

Kungfu Security Services Pvt. Ltd.

Company Profile

Kungfu Security Services Pvt. Ltd. has full experience in Handling Security Based issues in Government Sector and Private sector. We have a hard time with precious Security, Security Services base companies. We know the needs of our customers and how to meet their requirements.

Our security guards are fully trained to handle all types of Security Services inquiries including handling Security Services Facility electronics, protection and firefighting, and more. Keeping the company's current scenario of stiff competition, it is desirable that business administration should focus entirely on the technicalities of the business and be freed from minor annoyances such as security, guards and facilities, etc. This is always on our mind and we strive to ensure that we fully meet the requirements of our customers.

Our Services

Kungfu Security Services Pvt. Ltd. provides the following services:

- Guarding Services
- Executive Protection
- Fire Services
- Customized Services
- House - Keeping Services

These services are supported by the organization's overall Security Services Base culture, and senior Security Services Base planners in the corporate office closely monitor every account. Intensive in-house training ensures that Security Services Base employees are highly motivated and committed and upbeat about Security Services Base trends.

Kungfu Security Services Pvt. Ltd. can provide trained manpower according to your requirements. They will take over their roles and we will do the payroll management. We offer a wide range of manpower in housekeeping & Security Services.

These audits are conducted by the senior management of **Kungfu Security Services Pvt. Ltd.** team and include feedback received from the client These audits would include:

1. Surprise Visits/Nights Checks
